Principal's Message

Education is the kindling of a flame not the filling of a vessel.

Dear friends

Gyanasthali dreams of developing and nurturing young students into an individual with great potential and confidence and we strive unceasingly on the way of achieving it, as it is a far greater work to educate a child in the true and largest sense of the world then to lead a state. For this we have a team of dedicated teachers and staff who are committed to the welfare of the children in our care. For us teaching is a passion and installing good values in our students is our prime objective.

On the whole the school aims to equip the pupils to be brave, brilliant, eagle eyed towards their aim and be able to pick right from multiple wrongs.

As we believe learning no longer ends the minute you pass your last exam, it must continue all through your life.

"The whole purpose of education is to turn mirrors into windows."

Saloni Batra
(Principal)

22 Years of Excellence

- What makes us the best??

AIM

"Intelligence plus character that is the goal of true education".

Here, at gyanasthali we believe "No child left behind" for that we help each child discover his uniqueness and provide opportunities to enhance his skills. We aim at achieving high standards of academic excellence by using the latest tools and technology we empower our learner to become responsible and compassionate 21st century leaders of tomorrow.

Our Motto

"Quality in Education"

Don't just teach your children to read teach them to question what they read.

Our Vision, Mission and Core Values.

Our mission shapes about today, our vision prepares us for tomorrow and we can prepare for tomorrow if we believe in our values.

To create an institution that liberates the pupils natural capability and develops young and creative minds.

To create the leaders of tomorrow.

Goals

Admission at a glance

We seek to create a diverse learning community that welcomes students who bring a full range of gifts and experiences that represent the diversity of the human spectrum and nationality. Consistent with the spirit of the Right to Education Act (RTE), Gyanasthali believes that all children should be given equal opportunity to learn and play together. We believe that as learning community it is our responsibility to support each of our learning in reaching their own goals, at their own pace. It is clear therefore, that we must be realistic and idealistic about the number of students we admit.

Documents to be submitted at the time of admission:-

The following documents should compulsorily be attached with the registration form:

- (i) Birth Certificate (Only for Grade Nursery to I)
- (ii) Two Passport Size Photographs.
- (iii) Transfer certificate from the school attended previously.
- (iv) Xerox copy of academic performance sheet of the previous class.

Rules For Withdrawal

- One month's notice in writing or a month's fee in lieu of notice should be given before a pupil can be withdrawn.
- Transfer Certificate will be issued after the settlement of all school dues.
- Student can be asked to leave the school on either disciplinary grounds or on account of unsatisfactory progress in their work.
- Any student who fails twice in the same class will not be permitted to continue at school.
- When a withdrawal takes place due to the above reasons. The question of charging a month's fee lieu of notice does not arise.

Activities

We believe that learning does not happen only within the four walls of the classroom; it is an ongoing process and can be beyond the place and time.

To achieve our goals of holistic development of a child we focus on the co-curricular activities. These activities offer opportunities for students to learn the values of teamwork individual and group responsibilities physical strength and endurance competition diversity and sense of culture and community. It includes athletics, cultural events, science lab activities, extra academic activities etc.

Sports

Sports ideally teach discipline and commitment. They challenge you and build character for everything you do in life.

Sports develop the physical as well as mental strength in students. Sports improve perseverance of kids therefore it becomes a major part of the school curriculum. If students stay emotionally and physically healthy; they can easily focus on their studies. It teaches various skills like leadership, patience, team efforts and social skills.

Schools provide various outbound and inbound sports activities. These include Skating, Basketball, Taekwondo, Chess, Carrom, Table Tennis, Yoga etc.
